ARTIST OF THE WEEK

By Lady Essence

The Stone City Band was created through the efforts of the multi-talented singer, musician, composer, arranger Rick James, whose unique brand of Punk Funk Music, a blend of rock, rhythm and blues and disco, has brought both Rick and the Stone City Band the admiration of audiences and critics alike.

The Stone City Band's unique sound is attributed to the following members: Keyboard player Levi Ruffin, who is born under the zodiac sign of the regal lion Leo, and his royalty is heard in his music. Another rhythm section member is the dynamic Oscar Alston, who plays Bass Guitar, the throbbing of which causes one's pulse to accelerate. He is also another king of the jungle, Leo the lion. His fearless bottom sound is like the roar of a lion.

Tom McDermott, lead guitar, vibrates a highly electric and magnetic field that takes one to the highest peak in listening. His zodiac sign is Capricorn the goat, who is always striving to reach the highest points musically and spiritually. There's always a "Bang" at the end when Lanise Hughes blends in the drum beat. He is born under the sign of Cancer the crab; that's why he can maneuver his drum sticks so brilliantly. He clings not only to the rhythm but pulsates a throbbing and primitive beat.

Punk Funk Horns

Danny LeMelle, a Libra, finely balances his brilliant tones on both Alto and Tenor Saxophone into perfections of melodic blends. He is magical, magnificent and talented. Cliff Ervin will get on your communication wave as you tune into his Trumpet, transiting the musical scale from A to G. Gemini's swift thoughts add to the delightful musical experience of Stone City Band. John Ervin slides the groove through with an emotional intensity on his Trombone, as a true sensitive Cancer can always set a mood.

Colored Girls

Lisa Sarna, a Capricorn, and Tabby Johnson, an Aries, creatively combine to create the refreshing, artistic vocals that highly compliment and add to Stone City Band's distinctive musical sound it's admired for.

Their list of credits include: "Come Get It," "Bustin' Out L Seven," "Fire It Up," "In 'N' Out," and "Wild and

STONE CITY BAND

Peaceful" by Teena Marie.

The Stone City Band is ready with pounding rhythms, soothing mellow ballads, and an exciting blend of Rock, Jazz, Soul and Disco, and they are definitely ready to "Strut their Stuff."
