Digitized audiovisual material

Conditions Governing Access: Collection is open for research. Arrangements must be made in advance to access digital files; please contact UNLV Special Collections and Archives (special.collections@unlv.edu) for additional information. Selected files are available for direct download on the Special Collections and Archives Portal.

General: Digitization of these materials was funded by a 2023 Council on Library and Information Resources (CLIR) "Recordings at Risk" grant project.

Processing Information: In 2023, materials were shipped to an external vendor for digitization. Vendor staff inspected, cleaned, and reformatted physical items into digital files with both preservation (.mov/.wav) and access copies (.mp4/.mp3). In 2024, UNLV SCA staff ingested the files, reviewed for content and quality, and created summaries of each item. Physical items were retained once returned from the vendor.
